Community Group Question
Sunday October 23

Ministry-Start Here...

1. If you did not need a "job" to survive what would you love to spend your time doing?

2. Have you ever filled out a spiritual gifts inventory? Did you do anything with the information, or did you round file **(garbage can)** the info and say to yourself "that was helpful"?

Read– Acts 10:22-27 {Read all of Chapter 10 for full context}

3. Does the whole idea of changing your community for Jesus Christ seem overwhelming? Do you ever feel like you don't even know where to start?

4. Cornelius oikos (household) included his immediate family, relatives and friends. Our community like his is made up of family, friends, people we work with, and others whom we share common interests. How can you start focusing on your oikos that God has given to you? Does it seem less overwhelming when you view your community as those who are already in your life?

5. Read Luke 8:38-39-Discuss why Jesus commanded the healed man to return to his home (okios). Do we undervalue the ministry that should be happening in our homes?

6. What is one thing that you will begin/stop doing in your oikos that will help others fall in love with Jesus?

7. Discuss the statement-God longs to use you right where you are at. Stop making excuses and begin by faith to believe that people will fall in love with Jesus Christ because of me.

Pray for each other
